WITS AHEAD RESEARCH GROUP

The AHEAD Fortnightly

Toleo 2 · 15 Oktoba 2026 · Wits School of Education, University of the Witwatersrand

Katika wiki hizi mbili, swali limehama kutoka kama vyuo vikuu vinapaswa kukumbatia akili bandia hadi jinsi vinavyofanya maamuzi. Waziri Buti Manamela aliuambia mkutano wa Universities South Africa kwamba ni wakati wa kuhama kutoka mjadala hadi maamuzi kuhusu ufundishaji na utafiti, na wanasayansi wawili wa kompyuta wa Wits, kutoka RAIL Lab, walisema Afrika inapaswa kuweka ajenda yake yenyewe ya utafiti wa akili bandia badala ya kutumia tu zana zilizotengenezwa kwingineko. Wakati huohuo, vyuo vikuu vya nje vinaachana na zana za kugundua akili bandia na masharti mapya ya leseni yaliyopendekezwa na Turnitin, jambo linalotukumbusha kwamba imani na busara haviwezi kukabidhiwa programu za kompyuta. Kwetu sisi katika Wits AHEAD, haya ndiyo maamuzi yanayojenga uwezo wa binadamu, na toleo hili linawafikia kwa lugha kumi na tatu.

MAMBO MATATU YA KUJUA

1

NEWS · 14 OCTOBER 2026 · GLOBAL

Joining up AI across recruitment, retention and alumni relations can close graduation gaps, if it is governed well

Akiandika katika University World News, mkurugenzi wa mradi wa IREX, Cameron Mirza, anasema vyuo vikuu vinapaswa kuchukulia uandikishaji, uwabakizaji wa wanafunzi na uhusiano na wahitimu kama mzunguko mmoja uliounganishwa na kusaidiwa na akili bandia, badala ya mifumo tofauti yenye data tofauti. Anatolea mfano programu ya chatbot na uchanganuzi wa utabiri wa Georgia State University, inayosifiwa kwa kupunguza "summer melt" kwa takribani asilimia 21, na kusaidia wanafunzi weusi, Wahispania, wa kizazi cha kwanza na wenye kipato duni kuhitimu kwa viwango vinavyolingana au kuzidi vya jumla ya wanafunzi wote, huku akionya kuwa modeli zilizofunzwa kwa data za kihistoria zinaweza pia kuendeleza ukosefu wa usawa ambao zinapaswa kuurekebisha.

> **Kwa nini ni muhimu:** Kwa nguzo ya Wits AHEAD kuhusu akili bandia na uchanganuzi wa utabiri kwa mafanikio ya wanafunzi, makala hii ni ukumbusho muhimu kwamba zana za tahadhari za mapema na uwabakizaji hupunguza mapengo ya usawa tu pale zinapooanishwa na usimamizi wa kibinadamu na upimaji wa upendeleo, hilo ndilo swali la utawala ambalo Wits AHEAD huuliza kuhusu zana yoyote ya uchanganuzi inayopendekeza.

NEWS · 13 OCTOBER 2026 · SOUTH AFRICA

Wits researchers argue Africa must set its own AI research agenda, not just apply others' tools

Wanasayansi wawili wa kompyuta wa University of the Witwatersrand, Benjamin Rosman na Steve James, ambao ni waelekezi wenza wa Robotics, Autonomous Intelligence and Learning (RAIL) Lab, wanasema Afrika inapaswa kuongoza utafiti wa akili bandia badala ya kutumia tu zana zilizotengenezwa kwingineko. Wanataja Deep Learning Indaba, ambayo sasa ni shule kubwa zaidi duniani ya majira ya kiangazi kuhusu akili bandia, iliyovutia washiriki 1,300 katika mkutano wa mwaka jana mjini Kigali na inaendesha programu yake ya IndabaX katika nchi 48 kati ya 54 za Afrika mwaka huu, pamoja na taasisi mpya ya Wits ya Machine Intelligence and Neural Discovery (MIND) Institute, inayounganisha wasomi wapatao 65 kutoka sayansi ya kompyuta, sayansi ya neva, saikolojia na sera.

> **Kwa nini ni muhimu:** Kwa nguzo ya Wits AHEAD kuhusu akili bandia inayowajibika, maadili, usawa na sera, onyo dhidi ya Afrika kuwa tu "mahali pa watu wengine kufanya sayansi" linahusiana moja kwa moja na dhamira ya Wits AHEAD ya kujenga uwezo unaoongozwa na Waafrika wa kuweka maswali ya utafiti wa akili bandia, si tu kutumia zana za akili bandia zilizobuniwa kwingineko.

NEWS · 9 OCTOBER 2026 · UNITED KINGDOM

More universities end Turnitin contracts as concerns mount

Gazeti la Times Higher Education linaripoti kuwa vyuo vikuu vya Newcastle na Westminster vimejiunga na Chuo Kikuu cha Southampton katika kusitisha mikataba yao na kampuni ya kugundua wizi wa kazi za kiakademia, Turnitin, baada ya kampuni hiyo kupendekeza mabadiliko ya leseni ambayo yangeweza kuruhusu kazi za wanafunzi kutumika kufundisha zana za akili bandia. Newcastle ilitaja wazi kipengele hicho cha data; Westminster ilisema kifaa cha Turnitin cha kugundua wizi 'hakikuwa na ufanisi mkubwa' kukabiliana na maandishi yaliyoandikwa na akili bandia, na kifaa chake cha kugundua akili bandia

kilikuwa na 'hatari inayotambulika ya kutoa matokeo ya uongo chanya'. Southampton peke yake ililipa Turnitin paundi 87,621 kwa mwaka mmoja, kati ya wanafunzi zaidi ya 17,000 wa shahada ya kwanza na 8,000 wa shahada za uzamili.

> **Kwa nini ni muhimu:** Kwa nguzo ya Wits AHEAD kuhusu akili bandia inayowajibika, maadili, usawa na sera, mgogoro huu unaonyesha vyuo vikuu vikianza kupima utawala wa data na uhalisia wa uwezo wa zana za kugundua akili bandia dhidi ya gharama, badala ya kuchukulia mkataba wa kugundua wizi wa kazi za kiakademia kama lazima isiyobadilika.

UTAFITI NA RIPOTI

Prepare students for post-graduation AI judgement challenges

University World News · 9 October 2026 · Pillar 4: Graduate capability and just transitions. Kwa nguzo ya Wits AHEAD kuhusu akili bandia, uwezo wa wahitimu, uwezo wa kuajirika na mabadiliko ya haki, ugunduzi huu kwamba kazi ya akili bandia iliyokosea lakini ikijionyesha kwa kujiamini inaweza kusomeka kwa ushawishi sawa na kazi sahihi unaonyesha kuwa uamuzi wa kitaaluma, si ujuzi wa akili bandia peke yake, ndiyo uwezo unaowahitajika zaidi na wahitimu kabla ya kuingia soko la ajira.
